Product Features

- Low energy consumption
- Black interior and exterior
- Elegant design
- Great product presentation
- Extra shelf space
- LED light in door frame
- Adjustable shelves
- Fan assisted cooling
- Reversible door (spare parts needed)
- Lock

Strong handle

LED light inside door frame

Energy-efficient bottle cooler

To offer you a more energy-efficient version of our popular CEV bottle cooler, we have introduced this model with an EU energy class C. The model is otherwise identical to our bestselling CEV model.

This all black bottle cooler is perfect for creating elegant displays of wine, beer, or soft drinks. Use it as a larger upright backbar in bars and restaurants, or make your beverages stand out in retail environments.

The black interior combined with a glass door with LED lighting on the inside of the door frame makes sure that your products are always stylishly displayed. To fully release its marketing potential, have the bottle cooler decorated nicely with customized branding.

The CEV range is available in white or black color options, with a right-hand hinged door or left-hand hinged door, and with or without a canopy.

Design and Material		Measures and Content		Power and Consumption	
Door No & Type	1 hinged glass door	Temperature Range	°C +2 to +10	Energy Class	C
Tempered glass	Yes	Climate Class	4	Energy Consumption	kWh/24h 1,54
